Brad Campbell Memorial Fund  
Mr. and Mrs. John Campbell  
2501 Willow Street  
Pekin, IL 61554

Dear Chris and John;

On behalf of the administrative team, physicians, medical staff and young patients, please accept our gleeful appreciation for your \$3,000 support of Children's Hospital of Illinois. Your donation helps to bring world class healthcare to children of central Illinois.

It was a pleasure to join you for dinner following your golf tournament. Your guests were enjoying a wonderful prime rib dinner with all the trimmings. I recognize the organization and attention to details that it takes to sponsor a golf outing. You have given Brad a wonderful tribute; I know it keeps his memory alive.

Each year, I have the joy of working with staff, as they request funds for the requirements of their unit. This past year was particularly difficult with state-mandated cutbacks and the tragedy of September 11<sup>th</sup>, which affected fundraising. We were thrilled that our community recognized that their support was needed to ensure state-of-the-art healthcare for our children. We have just finished allocations, which provided funding for equipment, patient services and the parent support fund. Your gift will join with others to help enrich the care of our patients.

Please express to your whole family our gratitude for their support. When you begin planning for next year's event, please let us know.

Warm wishes,

Linda Rider Arnold  
Development Officer
